

**NOTICE TO BIDDERS**  
**ADDENDUM #1**  
**TOWNSHIP OF RANDOLPH, MORRIS COUNTY, NEW JERSEY**  
**SOLID WASTE AND RECYCLABLE MATERIAL COLLECTION AND DISPOSAL SERVICE**  
**BID # ITB-LC-2016-SW&RC&D**  
**BID OPENING DATE – THURSDAY, OCTOBER 13, 2016, 11:00 A.M.**

NOTICE IS HEREBY GIVEN that sealed bids for **SOLID WASTE AND RECYCLABLE MATERIAL COLLECTION AND DISPOSAL SERVICE** for the Township of Randolph, County of Morris, State of New Jersey will include an acknowledgement of ADDENDUM #1. The ACKNOWLEDGEMENT OF REVISIONS AND NOTICES form included in the bid specifications must be completed. This Addendum is being issued in response to some vendor questions. The Addendum shall become part of the original specifications and is to be attached thereto.

Q1: Recyclables are to be transported to ReCommunity for processing. Is the contractor responsible for any processing costs associated with the recyclables?

A1: Processing Cost / Rebate is controlled by the Morris County MUA marketing agreement. Successful bidder will abide by the terms of that agreement. The aforementioned Morris County MUA Marketing Agreement is on file with the Township of Randolph Health Department and is open for inspection Monday-Friday, 8:30 a.m. to 4:30 p.m. excluding legal holidays.

Q2: Contract specifications state under Option #2 that the trash carts and recycle carts are to be different colors. Can the carts be the same color and the lids be a different color for the trash and recycle? Currently our trash carts are green with green lids and our recycle carts are green with yellow lids. This seems to work out well for residents to differentiate. This also works well with exchanging carts when only a lid needs to be replaced rather than replacing an entire cart.

Q3: Because the township will own the carts at the end of the contracted period, is there a particular color that the township would like to see for the carts?

A2/A3: Different color lids are NOT acceptable to distinguish trash carts from recycling carts. The entire cart color must be different for trash and recycling. Gray, black or green carts are acceptable colors for the trash carts. The recycling carts must be entirely blue which is the industry standard for recycling carts and must carry the international recycling insignia.
